With each rising sun
Think of our life as just a beginning
Show kindness and love today
For tomorrow chances may be lost

We've only just begun . . .

To live

Living your life
at ease

Enjoying the big things as well as the small

We are all children
of the earth

We sit embracing
with our eyes

So many roads of life,
Beginnings to choose

Each day a new beginning

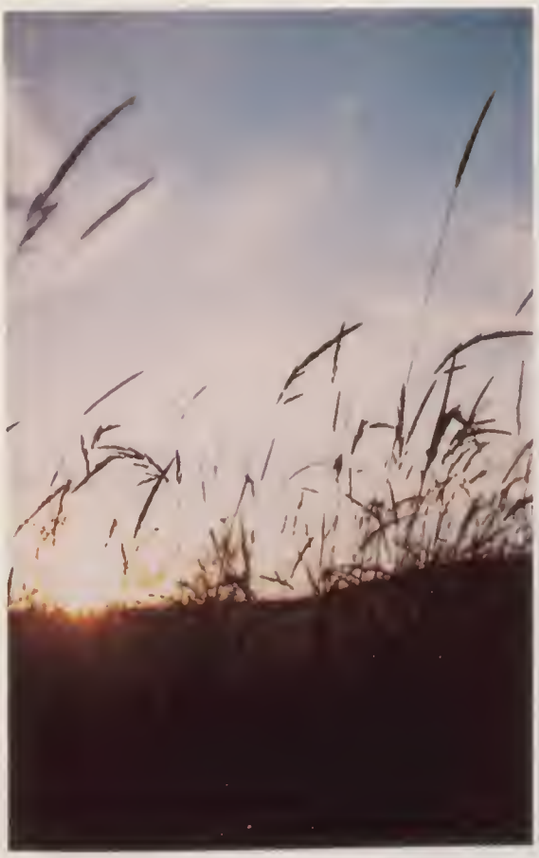
Each day a new always

Life is ours for the asking

Each individual adding
His hopes and sorrows,
His joys and inspiration

So much of life ahead

We'll find a place
Where there is
room to grow



Do what you love

Today is the first day of the rest of your life

And yes,

We've only just begun

Mr. Perry O. Sanders

Mr. Perry O. Sanders' philosophy of life is, "A person's life is not well spent unless he works to help other people." Mr. Sanders has constantly helped others as has been evident in his classrooms. His teaching career spans over a forty-two year period starting back in 1930, as he taught a classroom of sixth graders in Missouri. He came to Spokane in 1940 where he taught at Lewis and Clark, Havermale, Libby and in 1963, ventured here to Ferris. Being an educator is only one phase of Mr. Sanders varied and interesting life. He has also been a builder, a civilian War Department employee in Alaska, and a preacher. He worked his way through college preaching in small churches. Mr. Sanders' sincerety, honesty, and dedication to his students has been admired by us all. He has always shown great concern for the educational process. He feels that Ferris is attempting to answer many of the perplexing questions that face the schools today. Mr. Sanders will be remembered for his open mindedness, as he saw two sides to every issue. For your overwhelming concern of human life, dedication to your students, and love of all, thanks from all of us here in "Saxon Country", Joel E. Ferris High School. We salute you.

Mr. Byron Swanson

Mr. Byron Swanson, a member of a pioneer Spokane family, is a man dedicated to public services. Mr. Swanson served the Spokane Public Schools as a member of the Board of Directors for six years until his resignation this past year. He has also long been associated with the Kiwannis Club, an organization which is known for its interest in youth. Mr. Swanson has had a special association with Ferris because his children are graduates of this school. As a P.T.A. member, he has shared his special musical talents with Ferris by appearing in many of this group's musical productions. He was the chairman of the first P.T.A. show and has also served Ferris as President of the P.T.A. Mr. Swanson considers the "Year of the Saxon" as a very thrilling series of events in the Saxon Community. We thank you, Mr. Swanson, for your many years of service to Spokane and to the Spokane Public Schools. We especially thank you for the unselfish donation of your time and talents that have been of such benefit to Joel E. Ferris High School.

The 1972 Exeter Staff fondly dedicates this yearbook to Mr. Perry O. Sanders and Mr. Byron Swanson who we will remember for their service and dedication to Joel E. Ferris.

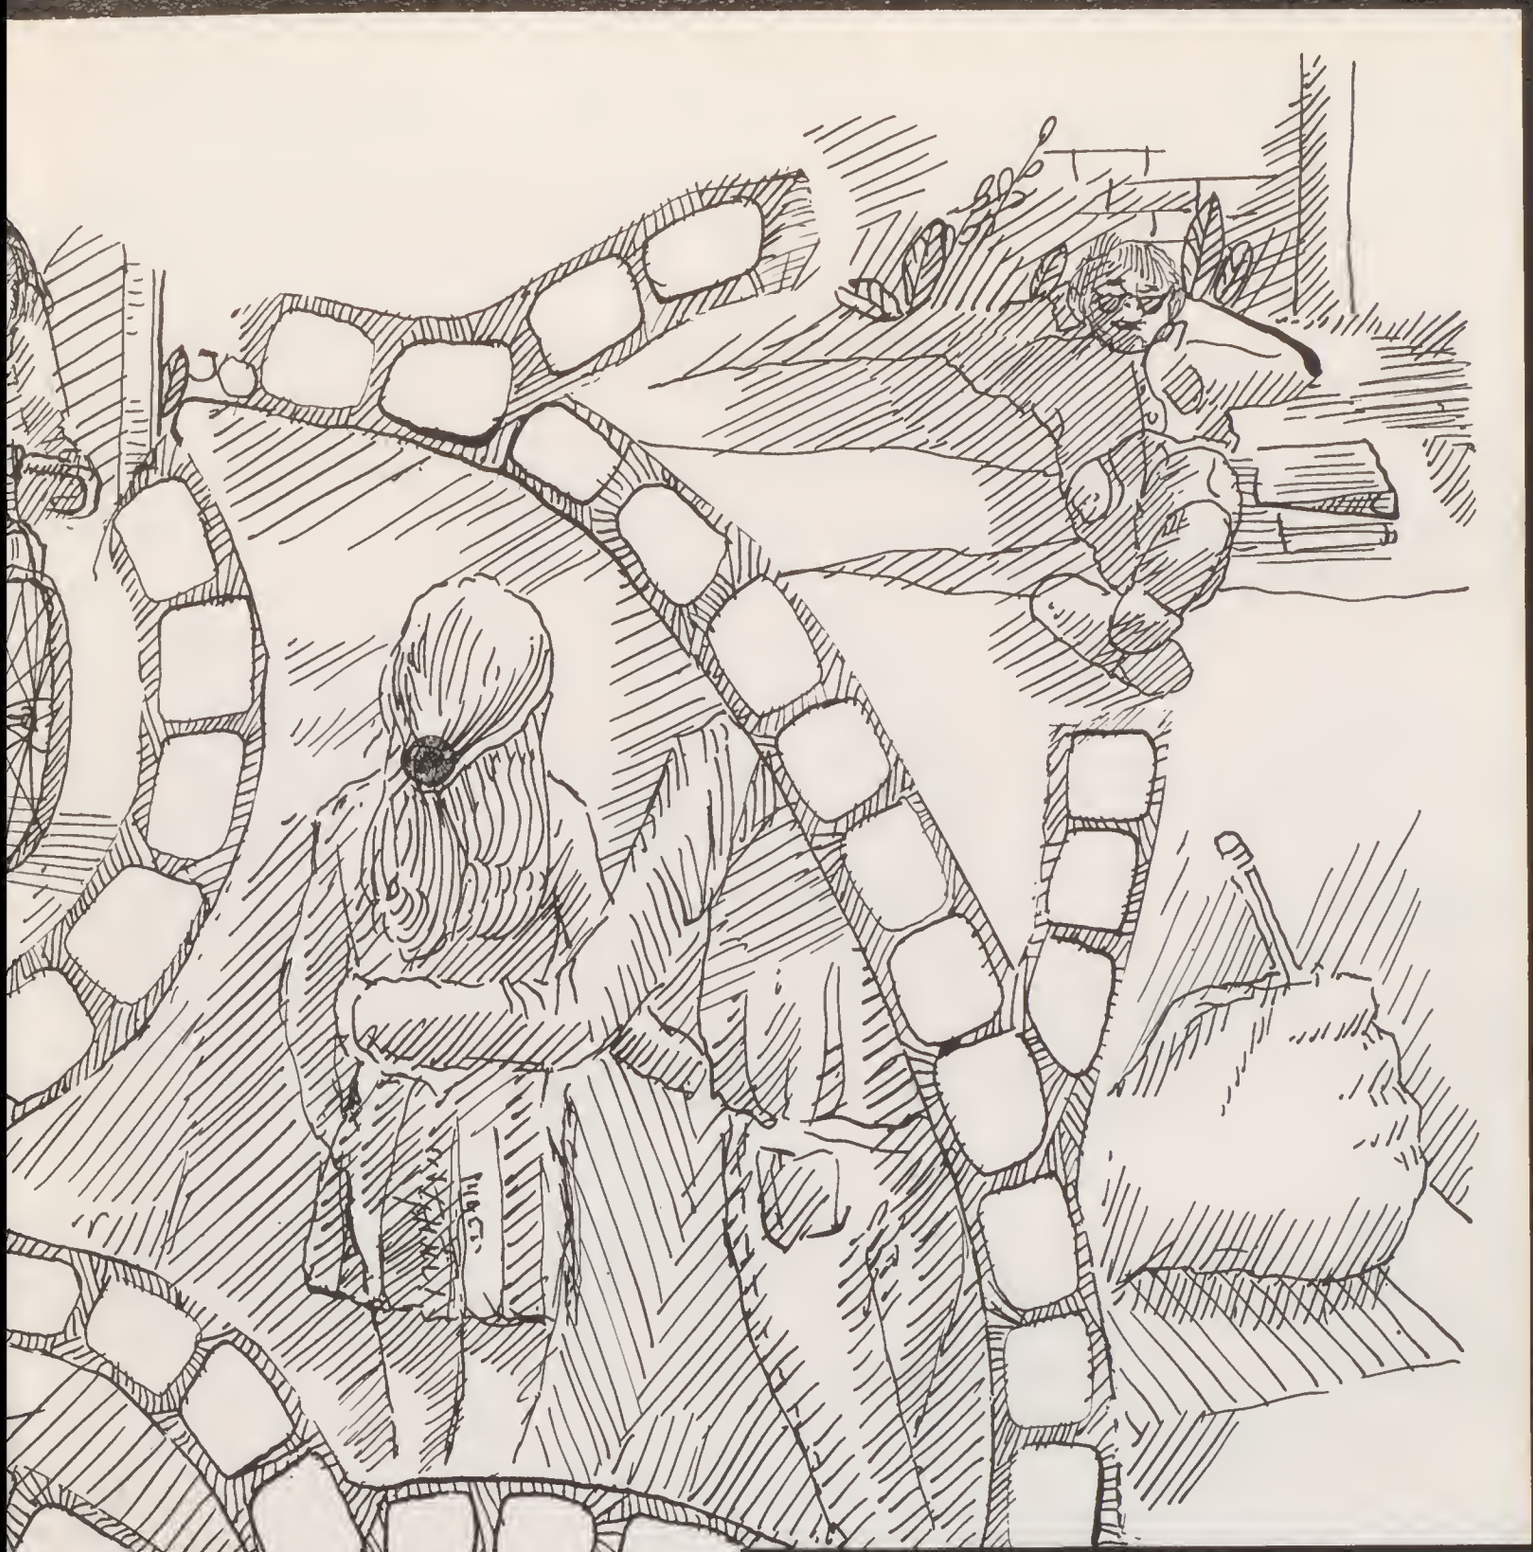
Beginnings . . .



SENIORS

We have reached
an end
But we only have
to begin
again
For now we
start
a new part
of our lives
Living from what
we have learned

Through inquiring minds.
And we must
reach out
for knowledge
Choosing for ourselves
what we will need
to live our lives
In a manner through which
we can grow.
Each one of us
must decide . . .

which road
to take
Through life
We will falter
and sometimes fall
But we must have
the strength to try.
And we must acquire
the character to succeed.
and as we pass through
the one-way door
of time
We must only use
the key to our minds
and look through
the window of time
to remember
the fun
of being young,
and time will go
on and on
Never to begin again.

For a long time
I rode a wave
and shared with it my dreams
and troubles.
This wave was a mere fraction of life's entirety,
yet I loved it for its strength, and its newness to me.
In time the wave began to move,
or perhaps I did,
and it was not easy to ride any longer.
Together we struggled, but lost each other.
The wave now heads toward the beach
in search of a new rider,
And I lie in the vastness of life,
searching for a new wave.

STUDENT LIFE

As students of life
we are constantly learning.
The world is at our reach
to grasp,
to experience,
to live . . .
Students,
Turning the pages of time,
we grow older
and more mature.
But for a few moments,
the world is ours. To experience
to learn, to live . . .

Practice and hard work pay off

Why do I compete?
For the glory? Perhaps.
But more than this, I compete
because there is a chance for me
to make a small mark on a
world that otherwise seems to pay
no attention.

The year started with the annual A.S.B. sponsored Hello Week followed by a productive semester in A.S.B. Money was appropriated for the bike rack, voting machines were brought in for elections, and an exchange with Issaquah High School A.S.B. were among the many accomplishments. Along with these activities, the A.S.B. admitted two new clubs, Ecology and Chess Club, featured Dust in an A.S.B. con, and backed the annual Ship Hope Walk. The semester ended with the traditional L.C.-Ferris Inaugural Ball which was a big success. The Spring semester A.S.B. will hopefully be as productive, and is working on a free form education day carried over from plans by the first semester Round Table.

One step at a time, and that well placed,
We reach the grandest height.

Coming together is a beginning;
Keeping together is progress;
Working together is success.

People . .

There is a loftier ambition than
merely to stand high in the world.
It is to stoop down and lift mankind
a little higher.

We each strive to be more than just
a face in the crowd-
by participating.

Beginnings . . .

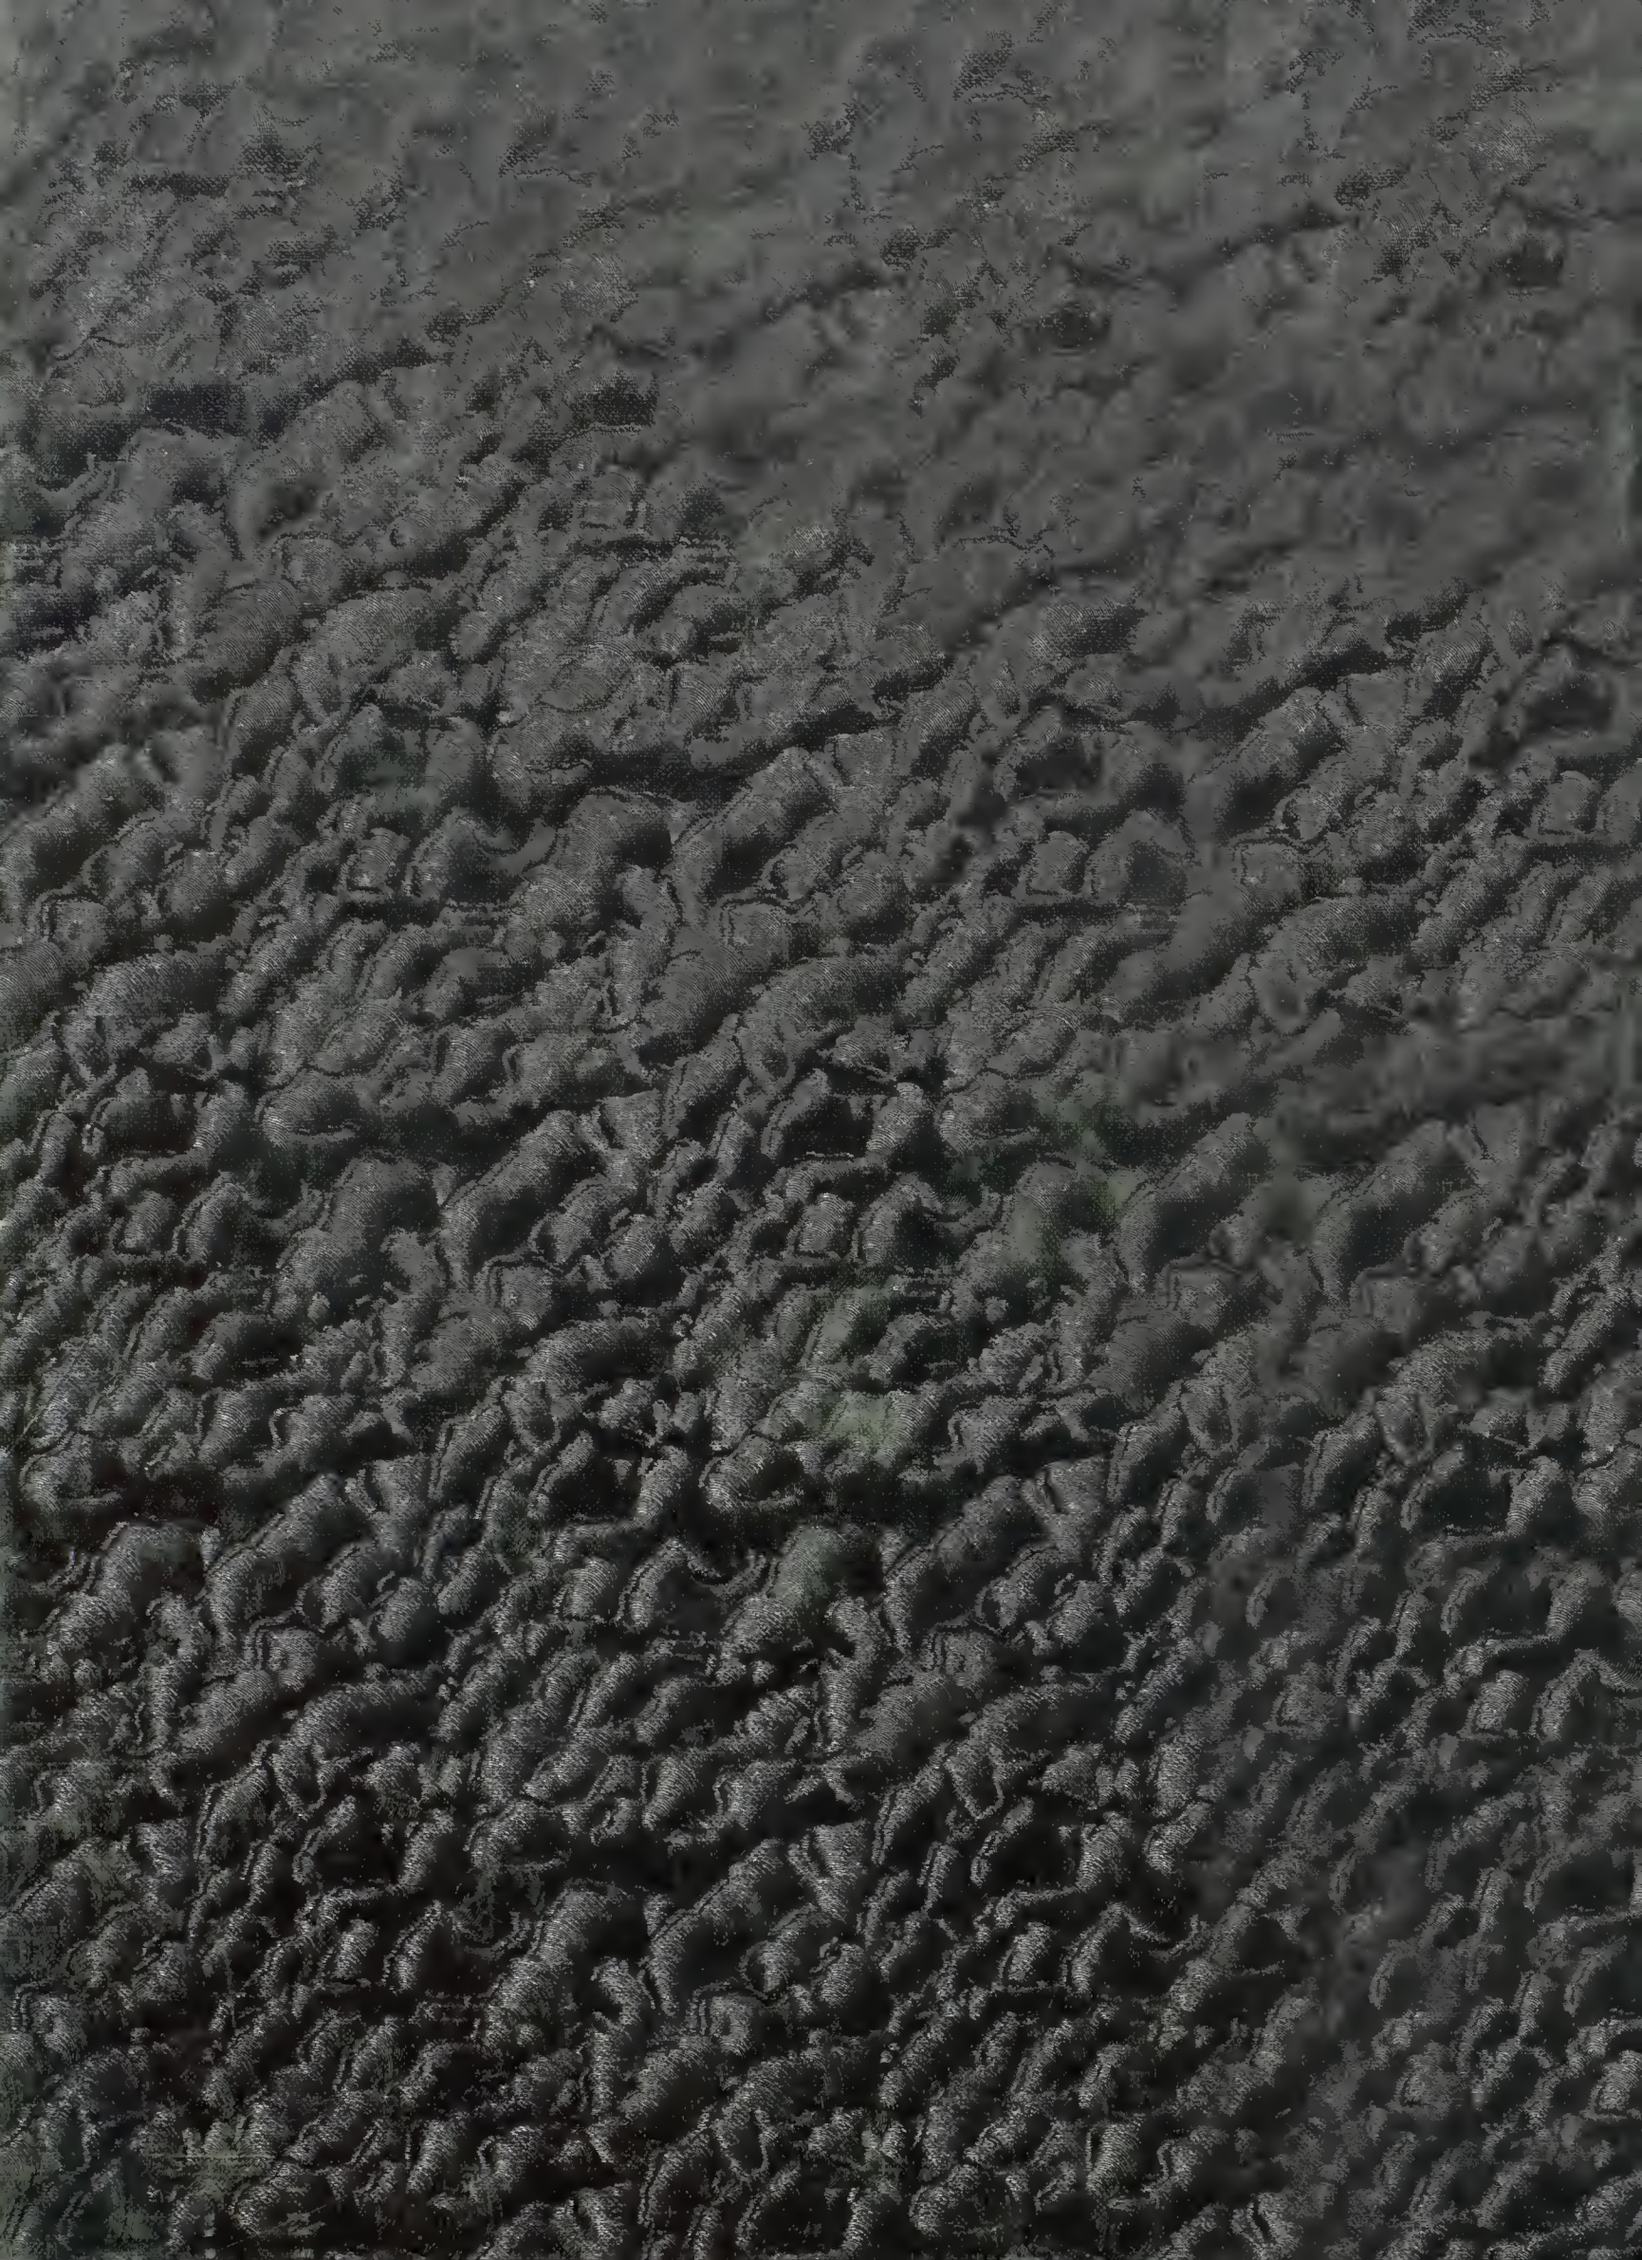
Not "how did he die?"
but "how did he live?"
Not "how did he gain?"
but "what did he give?"
These are the units to measure the worth of a man,
as a man regardless of birth
Not "what was his station?"
but "had he a heart?"
And "How did he play his God-fearing part?"
Was he ever ready with words of cheer,
to bring back a smile to banish a tear?
Not "what was his church?" Nor "what was his creed?"
but "had he befriended those really in need?"
Not "what the sketch in the newspaper say?
but "how many were sorry when he passed away

The day is done a year has passed
another hill is climbed
and now I stand on top
breathless
looking upwards to yet more mountains
Looking downwards to deep valleys.
Will I take a step and survive?
or will I stay safely where I am?


With each setting sun
Today becomes yesterday
Upon which our tomorrows are built
New horizons, fresh beginnings
